

國外專家學者演講公告

Suched Likitlersuang, DPhil

Professor
Department of Civil Engineering
Chulalongkorn University

Suched Likitlersuang is currently a full professor at the Department of Civil Engineering, Faculty of Engineering, Chulalongkorn University. He joined the Department of Civil Engineering at Chulalongkorn University as a lecturer (2004-2006), as an assistant professor (2006-2009) and as an associate professor (2009-2011). He was promoted to full professorship in 2011. He is also the founder of the Geotechnical Research Unit, which came into being in early 2016. His research interests include constitutive modeling for geomaterial, stress-strain characteristic of soils, numerical analysis in geomechanics, pavement engineering, geoenvironments, geotechnical earthquake engineering and soil bioengineering.

第一場演講(國立成功大學土木工程系)

1. 講題：Development of a Geosynthetic Cementitious Composite Mat (GCCM) for slope stabilisation & Seismic ground response analysis caused during strong earthquake in Northern Thailand
2. 時間：9月25日(二) 時間：3:00PM-5:00PM
3. 地點：結材階梯教室
4. 連絡人：洪瀨 (chinghung@mail.ncku.edu.tw)

第二場演講(國立高雄科技大學建工校區)

1. 講題：Influence of the root cohesion on vegetated soil slope stability & Numerical analyses of tunnelling and deep excavation in Bangkok subsoil
2. 時間：9月26日(三) 時間：1:30PM-3:30PM
3. 地點：土木工程館702教室
4. 連絡人：熊彬成 (benenson@cc.kuas.edu.tw)、洪瀨 (chinghung@mail.ncku.edu.tw)

演講費用：免費(歡迎自由參加)

主辦單位：國立成功大學土木系、國立高雄科技大學土木系、中華民國大地工程學會 學術活動委員會 / 國際事務委員會
